National Nonprofit Caucus of State Legislators

Nonprofits play a vital role in communities, yet are often overlooked in legislation and policymaking. Strong relationships between state legislators and nonprofits can help identify nonpartisan solutions to challenges in their communities for greater impact.

The National Nonprofit Caucus of State Legislators is an open, bipartisan, and bicameral group of state legislators dedicated to supporting the work of charitable nonprofits and their communities. Too often, the nonprofit sector is overlooked, despite the vital role it plays. The Caucus convenes legislators from across the country to identify nonpartisan solutions to challenges charitable nonprofits face in our communities. [Sign up here](#).

Background

The Caucus was created by Maryland State [Senator Cheryl Kagan](#), a champion of nonprofit policy priorities, in partnership with the National Council of Nonprofits and [National Conference of State Legislatures](#).

State legislators are [invited to join the National Nonprofit Caucus](#), share bills they have sponsored that support nonprofits, and collaborate with others to advance ideas. National Nonprofit Caucus members may join the [National Nonprofit Caucus Listserv](#) to share ideas and proposed legislation amongst members as well as seek expertise and advice from nonprofit leaders.
